Dear Christopher,

Thank you so much for your help supplying my business insurance, your knowledge, advice and patience have been exceptional.

Thank you for taking your time to talk through the various different elements of the policy which helped me enormously with understanding the areas I was covered for as well as the areas I may need additional cover for should there be any changes in the business further down the line.

I have been through other insurance companies in the past and have been emailed through a lot of policy documents with no one willing to explain the various elements to me. I felt very lost having never purchased business insurance before as well as dubious as to the type of cover I was buying into. You took time to explain the elements I needed and even went as far as delving into the running of the business and the scenarios I may encounter.

Due to the help MRSL has provided and the professional nature of the process I fully recommend MRSL Enterprise for business insurance or any other type of insurance provided.

I will be recommending MRSL Enterprise going forward to all I meet.

Many Thanks  
Your Sincerely
