TESTAMONIAL FOR Chris Cloke-Brown MRSL

29th January 2019

Dear Chris,

As a very busy family run mortgage advice business where we need to focus on client interaction, communication and experience which are vitally important to us, being able to implicitly trust someone we give a referral to is imperative. I am very pleased to say Chris & MRSL has exceeded our expectations and experience.

As a business we required Employer & Public Liability. Chris took the time to understand our business and requirements before sourcing and advising on the correct policy for us.

It was made a painless and efficient process all thanks to Chris and his team.

I am now more than happy to be able to recommend Chris without hesitation and pleased to have found a fellow professional that looks after the client and treats them as I would expect.

Yours Sincerely

Shane Livingstone CeMAP
